

# A SERIES OF WORKSHOPS ORGANISED BY THE MINERALS & HISTORIC ENVIRONMENT FORUM

In 2008 the Minerals and Historic Environment Forum produced a widely endorsed practice guide for dealing with archaeological remains as part of mineral development within the planning process. This series of one day workshops will provide background and training in using the guide, as well as case studies of good practice, group-based scenarios and the opportunity to provide feedback on the use of the guide to date.

## **Dates and Venues**

**16th September 2010**

York; York Museum

**23rd September 2010**

Birmingham; Thistle Hotel

**30th September 2010**
