

ARCHAEOLOGICAL
RESEARCH SERVICES LTD
Digging with Purpose

JOB PROFILE

Geomatics Officer

FIELD ARCHAEOLOGY DIVISION

AND APPLICATION FORM

GEOMATICS OFFICER

Salary: £29,931 – £38,800 (dependent on experience)

The Position: Permanent position following 6 month probation

Archaeological Research Services Ltd is recruiting a Geomatics Officer for our Fieldwork Department.

Applications are invited for a highly motivated and proficient Geomatics Officer, ideally at a senior level, experienced in surveying, GIS and spatial data integration, articulation and visualisation within archaeology. Ideally the successful candidate will have experience undertaking in-field survey and recording and combining it with other remote sensing data such as that from Lidar, HER records, BGS data and satellite imagery within a GIS environment. Experience with drone survey, with an accompanying drone license, is welcomed, and if not a willingness to be trained. We are looking for a professional and capable geomatics specialist backed up with previous archaeological fieldwork experience so that they can both run and oversee site survey, taking the data from capture through to publication and archiving. An experienced archaeological background is essential.

This post will be based at our Bakewell office, with travel for surveys, site visits and training as appropriate. A full UK driving license is a must for this role as our work is UK-wide, often in remote locations.

This is a rare opportunity to use state of the art equipment with high-resolution datasets at your fingertips, working within an innovative, supportive and forward-thinking team. There will also be the opportunity to undertake landscape surveys, walkover surveys, topographical surveys, as well as other survey applications. A thorough knowledge of British archaeology is helpful and the ability to 'make sense' of remote-sensing data of various kinds within a GIS environment. You must be able to work as an effective team member who can be relied on to deliver to deadlines. We are a high performing company with a professional and friendly culture, many outstanding performers and a committed management team with an open door policy. We maintain a high commitment to staff development and training and look forward to supporting career development and developing people to be the best they can be.

In return, we offer an exciting range of employee benefits:

- Strong, positive corporate culture
- Competitive salary
- Commitment to training and career progression
- Membership of the Company's health cash plan which includes a range of health services
- Discounts and rewards on health, fitness and entertainment
- Attractive pension contribution
- Life assurance cover
- 28 days annual leave (including Bank Holidays)
- Additional annual leave accrued linked to length of service
- Quality accommodation provided for away work with competitive subsistence
- Full personal protective equipment and Company branded attire
- 100% of ClfA subscription fees etc.

To apply:

Download, fill in and submit all the required documentation as set out below and send to personnel@archaeologicalresearchservices.com. If you would like to discuss the post with us then please ring us on 01629 814540 and ask for 'personnel'.

Applicants must complete and send in:

- Covering letter comprising 250 words on why you consider yourself a suitable candidate.
- Our application form (downloadable from the website and included in this pack)
- Full CV
- Equal opportunities form is optional (downloadable from our website)

JOB DESCRIPTION

Job Title	Geomatics Officer
Division	Fieldwork
Accountable to	Head of Field Archaeology
Duration	Permanent following a 6-month probationary period
Annual Salary	£29,931 – £38,800 depending on experience
Location	Ideally Bakewell based, otherwise one of our other offices (Sheffield, Bedford, Sale, Tyne-side) with regular Bakewell visits, and on site visits across the UK as required.

Job Summary

Perform a Geomatics Officer role, including site survey and creating and analysing spatial data, working to the Head of Field Archaeology. Undertake drone surveys, 3D modelling and photogrammetry, though we welcome other digital recording techniques. Train more junior staff in surveying and data processing. Develop and enhance systems and manage others working within that system. Undertake other duties that may arise as required. Driving company vehicles when required. Undertake discussions with wide range of clients and stakeholders. Contribute to Company growth and be an active high performing team player.

Responsibilities / Main duties

- Undertake fieldwork collecting field data via drone and surveying with GPS equipment or Total Stations
- Process, analyse and interpret data, ideally in QGIS although experience in GIS and CAD is welcomed
- Digital recording including photogrammetry and 3D modelling
- Lead and manage sites, teams and survey, set goals and tasks, motivate, hold to account, give feedback and train more junior members of the team in survey and the use of specialist equipment
- Liaise with clients and planning archaeologists as per level of role
- Inculcating, promoting and delivering the Vision, Mission and Culture of the Company
- Actively follow and enforce all Company rules and procedures for yourself as well as other members of staff
- Input to new project initiatives (e.g. commercial, community, commissioned, research and development)
- Make decisions as appropriate, ensure tasks are completed and alert relevant person of Management Team, to any matters arising as appropriate
- Take active role in networking on behalf of the company
- Drive company vehicles. Keep company vehicles tidy and roadworthy at all times. Notify Business Administrator of any faults etc. so they can be rectified
- Any other duties that may be reasonably allocated from time to time
- Undertake occasional out of hours work on behalf of the company such as attending meetings, conferences, giving talks or making essential phone calls or communicating important information to other ARS Ltd staff

Safety	To abide by all statutory safety regulations and company policies as set out in the Health and Safety Handbook. Report all accidents and near misses.
Hours of duty	37.5 hours per week (excluding breaks and travel time).
Annual leave	Initially 20 days holiday per year. On completion of one full calendar years service, leave entitlement is increased by one day per additional calendar year worked, up to a maximum of 5 additional days. Plus statutory bank holidays (8 days). Leave is pro-rated for part time employees.
Conditions of service	See the Staff Handbook.
Period of notice	First month = nil. After 1 month & within probation period = 4 weeks After successful completion of the probationary period = 12 weeks
Confidentiality	It should be noted that some of the information that the post-holder will access will be of a confidential nature both to other ARS Ltd employees and clients, and such information must not be communicated to other persons except where required for authorised purposes.
Note	This job description does not form part of the contract of employment. This job description will be reviewed on a regular basis.
